Stockholm, Apr. 21 st 1923.

Mr. Edward T. Newell,
New York City.

Dear Sir,

Herewith we allow us to offer the American Numismatic Society through you a very fine collection of Swedish coins, the collection comprising about three thousand (3000) spec., of which many are rare, whether the specimens themselves or some var. of them. Most of the coins are of fine or very fine condition.

The collection, which only is to be sold undivided, is very suitable for a museum or coin-cabinet. Certainly we know, that the A. N. S. has extremely fine collections. But we don't know, if Swedish coins are richly represented ^{there}, so we hope, that your Society may be interested of increasing its collections with this offered one.

In order to make the matter easy to survey, we are sending you (separate as book-post) a booklet, worked out by the late Mr D. Holmberg, and in this we have marked the spec. which are to ^{be} find in the collection. But often there are tow or three, sometimes more var. of the marked ones. So we are also sending you as an example a special list of a part of the collection. And if the Amer. Num. Society thinks of taking up the matter, we will later send you a detailed list of the whole collection.

The price of the offered collection will amount to about Sw. Kr. Sixty thousands (60.000.-).

Dear Sirs:

Your letter of April 21st addressed to Mr.
Edward T. Newell has been turned over to me for reply.

We appreciate your courtesy in acquainting
us with the very remarkable collection of Swedish coins
but unfortunately we have no funds with which to pur-
chase it. Of late our expenses have been very heavy
and during the past winter we made several large pur-
chases, but I beg to thank you most sincerely for giv-
ing us the opportunity of acquiring the collection about
which you write.

Very truly yours,

Curator

Dear Mr. Homberg:

We recently had come in to us three large thick copper planchettes, with a crown and figure stamped on each side. Thinking ~~that~~ ~~possibly~~ these might be of Swedish origin, we are writing to you to see if you could tell us anything about them.

Very truly yours,

Curator.

Dear Sir,

Just starting for a journey abroad I get your letter of 2nd inst. The three spec., of which you sent rubbings, are not Swedish coins. After my return I will write again concerning this matter.

At several occasions I have taken the liberty to send you my sale- and auction catalogues. Also for auction 138, which will be held st March 24th, I have sent you a copy. If you are not yourself interested in Swedish Coins, I hope you will be kind enough to show the catalogue for some collector, interested in this branche.

Yours very truly

Dear Sir:

Your letter just received and I was hoping you could tell me what those three copper pieces might be.

Although our Museum does not make a specialty of Swedish coins, we appreciate and very much desire your catalogues. Even if you do not receive bids directly from us, you, undoubtedly, in times past have been written to by members and visitors to our library as your current catalogues with those of other dealers are placed on tables in the library and are, of course, referred to now and then.

Very truly yours,

With respectful thanks I received your order of Sept. 10th and send under separate cover in a reg. letter (insured in an Insurance Comp) 8 Swedish silvercoins and 1 Swedish goldcoin according to the enclosed bill.

As I am not quite sure you are understanding the terms C 1-2, C 2, Ksk., Ytsk. etc. I should like to let you know, that C 1-2 is the grade between C 1 (Conservation prima) and C 2 (Conservation secunda); Ksk. means Edge damaged; Ytsk. means Surface damaged.

For these coins the prices are very low calculated, so there can be no reduction. The usual prices you find in brackets.

Yours respectfully

Gentlemen:

Your letter together with the coins ordered September 10th have arrived. Fortunately, certain coins are not quite in the condition I was hoping that they would be, and I am hurriedly returning four of them: lots No. 55, 57, 74, and 154, amounting to 75.30 Swedish Crowns. I am keeping coins to the value of 54.30 Swedish Crowns, and have asked our bank to send you a draft for this amount.

Can you supply complete sets of Swedish coins for the years 1927 and 1928?

Dear Sir,

With best thanks I received through The Central Union Trust Comp. of New York payment for coins bought after sale cat. 57, Sw. Kr. 84.25.

The coins you returned have also come me to hand. They were not of very fine preservation and therefore were the prices low. According to sale cat. 55 I had much better spec. of 2 mark 1605 (at kr. 70.-) and 1 rdr 1747 (at kr. 25.-); but these coins are not longer in stock.

I think I shall be able to furnish you with complete sets of Swedish coins for the years 1827 and 1828 and will send them as Reg. Samples.

Through your bank I have received Swed.Kr. 427:50 in payment for purchases from auct. 145, and beg to thank you very much.

As for lot No. 161 the opinion here was, that the date was correct in the catalogue, though indistinct as the coins were of rather low preservation, only C 1-2 and C 2.

On Jan. 19th and March 26th I sent you coins of issues for 1927 and 1928. And now I am in a position to send you our newest coin, 1 kr. 1929, inspected to day at the Mint. You will therefore be the first in America to receive this coin.

The reason why we have not been able to buy any Swedish coins at ~~the~~ your past few sales, is on account that our Swedish collection contains 2.707 coins and nothing that we needed has been offered for sale.

Dear Sirs:

I am acknowledging receipt of the Swedish coins and have directed our bank to make payment on these for nine kronen.

We have gone through your recent catalogues but found nothing that we wished. I think you know that we have a very extensive collection of Swedish coins, especially in silver and copper. A recent count shows that we have just over 2700 pieces. You will therefore see that we seldom now need anything in this field. We shall communicate with you whenever we do.

Sincerely yours,

Curator.

Tacksamt har i dag likvid för behållna silvermynt mottagits. Några dagar tidigare ankom den sända 5-kopeken i retur. Jag hade själv tänkt föreslå, att myntet återändas, om det ej skulle vara begärligt för museets samlingar. För ett så sällsynt mynt brukar dock en sådan defekt dock sällan avskräcka.

Dear Sir,

Tacksamt har Eder ärade skrivelse från förra månaden mottagits. Det var stor skada, att firman ej fick nöjet mottaga be-
ställning på något av de fem önskvärda mynten. En så framstående per-
son inom föreningen som Herr Robertson, torde nog ha kunnat utverka
tillstånd därtill eller anskaffa en eller annan mecenat, när man bli-
vit upplyst om, vilka "godbitar", som nu erbjudits. - Kanske, att
föreningen dock till sist bestämmer sig för att rekvirera en eller
annan av rariteterna.

Av årets myntprägling äro t.v. endast bronsmynten
färdiga, varför dessa ej nu anskaffas. 1-krone ex. väntas snart bli
färdiga, men övrig myntning först mot årets slut.

Firmans förråd av jub. 5-kr. var tyvärr slut, då
det - också i det här fallet - anskaffas av nyutkomna mynt blott ett
mindre antal, för att därmed tillmötesgå de kunder, som dessutom gö-
ra rekvisitioner från firman, enligt kataloger eller specialofferter.
Emellertid har nu för Eder räkning anskaffats ett ex., som härmed
bifogas jämte nota, angivande myntvärde plus firmans omkostnader.

Gratulerande till den stora utmärkelsen har jag
äran teckna

Mynten av år 1935 torde snart föreligga färdiga i spegelglans, då jag omedelbart skall tillsända Eder en serie för A.N.S. - Likvid för exp. jub.mynt erkännes härmed tacksammast.

Inom de närmaste dagarna tillsändes Eder ett ex. av lagerkatalog 64. Ehuru de däri förtecknade mynten ej äro av större betydighet, hoppas jag dock få emotse en eller annan rekvisition från Eder. Huruvida pollettsamlingen i Edert myntkabinett är mera betydande, vet jag ej. Men i lag.kat.64 finner Ni dock en del rätt sällsynta polletter (r., rr. eller rrr.), vilka kanske kunna behövas för komplettering.
